Continuation Sheet. File No. / Current No. A-138 of 44 Page.

Letter No. C1 - 947/43 dated the 27th January 1945, from the Director of Food Supplies requesting that the orders conveyed in Government letter no. Fd. 3600/A138-44 dated the 22nd Dec 1944 may be reconsidered and that the Officials of the Insurance Department who are now working in the Food Supplies Department may be permitted to be retained in the Food Department till such period as may be necessary in the interests of work.

1) With reference to this office memo dated 22.12.44 the D.F.S brings to notice that the services of the officials of the Insurance Deptt who have been trained and have acquired experience in the work of the Food Deptt would cause serious dislocation of work. He now requests (i) that the orders

In order to minimise dislocation of work in his Food Dte, the D.F.S was requested to relieve those officials batches and in the order of priority suggested by the Insurance Dept'l. The D.F.S now requests that, for reasons explained

GOVERNMENT OF MYSORE.

No.C1-347/43. Office of the Director of Food Supplies in Mysore, Bangalore. 26th January. 1945.

To

The Secretary to Government,
Development Department (Supplies),
B a n g a l o r e.

Subject: Officials of the Government Life Insurance Department, now working in the Food Supplies Department - their continuance in the FoodSupplies Department.

- - -

Adverting to your Memo No.SD.3601 dated 22nd December 1944 forwarding a copy of your letter to the Secretary, Mysore Government Life Insurance Department, regarding the relief of officials of the Insurance Department now working in the Food Supplies Department, I have the honour to bring to the notice of Government once again that the sending back even in batches of the officials of the Insurance Department, who have been trained and have acquired experience in the work of this Department would cause serious dislocation of the work of this Department. As this is a temporary Department where the work is of an emergent nature experienced officials of other Departments are being drafted to this Department in preference to fresh recruits. But recent experience has shown that none of the other Departments is willing to spare the services of any more of their officials, and the officials themselves are not keen on taking up employment in this Department in view of the rule regulating salaries formulated in Government order No.SD.C.34-47/A.8-43-27 dated 25-9-1944 which prevents an official from getting any material increase in his emoluments when once ~~has~~ the has entered this Department. For the same reason, and also in view of the arduous nature of work involving severe mental and physical strain and considerable personal inconvenience due to the necessity of having to work over time and on holidays, many of the officials now working in this Department are evincing a keen desire to go back to their original Departments. Even candidates from the lists assigned to this unit by the Public Service Commissioner have not responded to orders of appointment issued by this Department, and owing to this difficulty of finding suitable men, several appointments in the Department remain vacant for considerably long periods in consequence of which the expeditious despatch of work is seriously hampered and it need hardly be emphasised that any further depletion of the existing staff by the relief of officials of the Insurance Department, who, though their number is small compared with the total strength of the establishment of the Food Supplies Department, are in charge of important and responsible work, would be highly detrimental to the efficiency of work of this Department.

2. In the circumstances, I request that Government may be kindly moved to re-consider their orders conveyed in your letter under advertance and to permit the retention of the officials referred to therein, in the Food Supplies Department till such period as may be necessary in the interests of work. Government may be kindly moved also to direct that the claims of these officials for any promotions to which they may become eligible in the Insurance Department, from time to time, should not be overlooked, but that such promotion should be given and the officials seconded in the higher appointments during their continuance in the Food Supplies Department.

I have the honour to be,
Sir,

Subject - Officials of the Government Life Insurance Department now working in the Food Supplies Department.

Adverting to letter No.C1-347/43-dated 27-1-45 addressed to you and forwarding a copy of the same to this office by the Director of Food Supplies in Mysore Bangalore, I have the honour to state that as already explained in this office letter No.1328 dated 28-11-44 this Department is in immediate need of many experienced hands. The posting of Honorarium Registers and also other items of work pending are far from easy and recruits cannot be put on this work. As it is, the officials in this Department have been worked to the bone and such continuous strain cannot go on much longer. While conceding the needs of the Food Department the urgency of this Department cannot be overlooked especially when this Department has been good enough to help them in their need.

In view of the above circumstances, I request that at least 20 of the hands of this Department may kindly be ordered to revert to this Department if not all at once, then at least in batches of five at a time, preference in the first instance being given to select and experienced hands as already requested.

If

If the Food Supply Department does not spare any officials it is feared that many important items of work cannot be taken up and completed.
